

Heavy Truck/Trailer/Diesel Mechanic

JL Theis, Inc. is a Highway/Heavy Contractor committed to providing high-quality and reliable work. We strive to create a safe and efficient crew. We perform erosion control, landscaping, retaining walls, pavers, rain gardens, underground and excavations, concrete installation, and utility work. With a large and varied assortment of equipment, trucks and trailers, there is plenty of work to keep an active person busy and engaged.

We are seeking a skilled Heavy Truck/Trailer Mechanic to join our team. As a Mechanic, you will be responsible for inspecting, diagnosing, and repairing Heavy Trucks and Trailers to ensure they are in safe and working condition. This is a hands-on position that requires mechanical knowledge and the ability to work with power tools. Work in newly remodeled 23,000 square foot shop. Some onsite construction repairs may be needed. Year round work with overtime.

Responsibilities

- Perform routine maintenance and inspections on trucks and trailers
- Diagnose and repair mechanical issues, including electrical, hydraulics, suspension brake and air systems
- Truck and Trailer wiring diagnostic
- Utilize vehicle computer electrical systems to interpret failure modes to initiate or assign repairs
- Perform service calls for emergency breakdowns
- Maintain accurate records of all repairs and services performed
- Work with Shop Foreman to maintain a safe and efficient shop environment including general building and property upkeep and maintenance duties

Skills

To be successful in this role, you should possess the following skills:

- Strong mechanical knowledge and experience working with various engines, construction equipment and understanding of schematics and diagrams
- Knowledge in Computer diagnostic, wiring, diesel aftertreatment
- Proven ability with repairing and maintaining different vehicles, equipment and tools
- Proficiency in diagnosing and repairing mechanical issues, including brake repairs
- Ability to lift heavy objects up to 70 pounds, stand and be physically active the majority of the work day
- Able to work independently, self starter, task oriented through completion
- Willing and able to lookup and order parts from our vendors

Requirements/Experience

- Class A CDL preferred
- 5 years minimum full time truck, equipment or equivalent industry technician and/or mechanic experience
- DOT Certified preferred or willing to gain DOT certification
- Welding and fabricating preferred
- Computer diagnostic and diesel aftertreatment experience, 3 years required
- Diesel Technician/Mechanic/Equipment Technical school certification or equivalent experience

If you are a skilled Trailer Mechanic looking for a challenging role with opportunities for growth, we encourage you to apply.
